

Team Nexus

Minutes of Meeting - 09/23

Past sprint feedback:

- Confirmed that we are following the right path with building the Market Data Agent and presented the working of the demo.
- Approved the paid version of the financial API by the mentors and capstone.
- Asked us to document the prompts and its response in the IDE which can be helpful for the research purpose
- Asked to focus on transparency and how we are coding either with Cursor AI or separate chatbots

Next Sprint Plan:

- Work on the initial UI page
- Automate the prompts to files
- Document the Working, prompts and solutions given
