

Team Nexus

Minutes of Meeting – 10/14

(Mid-Review Presentation)

- Successfully fetched the options data to main page UI in tabular format.
- Prepare half-way demo where application can fetch options data from stock listed in user's portfolio.
- Prepare and gave presentation on the Agent 1 (Options Data Agent) working and data workflow diagram.

Next Sprint Plan:

- Start working on AGENT 2 (Recommendation Engine) for strategies to define.
- Planning to get more explanation on different strategies on “Covered Call” from mentors.
