

DASC 5333 Database Systems for Data Science
CSCI 4333 Design of Database Systems
Fall 2024

Homework #0 EMail Communication with TA and Photos.

Send an email to the TA, Pavan Kumar Kodavali (kodavali@uhcl.edu). The subject heading should be <<class_section>>;<<Your name>>;<<Your Student ID>>,<<Your major>>. For example:

Subject: CSCI4333.1 Jane Smith;0011098;CS

In the email, please attach a recent photo of high quality of yourself of *exactly* 300-pixel width and 450-pixel height. It should be like a *passport* photo, with mostly only you in the photo. The image format should be either jpeg, gif or png.

Make sure that you use an email address you frequently check. Do *not* copy your email or homework to the instructor. This is to establish an effective communication channel between you and the TA and help us to better communicate with you.

Thank you.
