of Houston
Clear Lake

UHD Scholar Visit
2/19/2010 (Friday) 2:00-4:00pm Delta Building 242
Agenda

2:00   *Welcome*
       Dr. Bun Yue, Chair, Division of Computing and Mathematics

2:05   *Expert tips from the expert who was like you.*
       Mr. Dilhar De Silva, CTO, At Links Communications

       Mr. De Silva has extensive industrial experience, including serving as a Vice
       President for Computer Associates and a member of the technical team that sets
       up the ubiquitous Unified Modeling Language. As an alumnus of UHCL, he will
       talk about his experience on his education and his path to career success.

2:35   *UHCL Computing Programs: Local Learning, Global Applications*

       UHCL faculty members, including Dr. Hisham Al-Mubaid, CIS chairperson, and Dr.
       Bun Yue will talk about the master computing programs at UHCL.

3:00   *Research in the Computing Programs at UHCL*
       Drs. Terry Feagin, Gary Boetticher and Hisham Al-Mubaid will represent their
       research in the areas of numerical methods, computer human interaction, and
       text and data mining.

       I can read your mind. Brain Machine Interaction by Dr. Gary Boetticher

3:45   *Social time and laboratory tours (tour led by Ravi Prakesh, Raunaq Nilekani,*
       Dawood Moazzem)
